Dear Sunil and EB members,

Today we transferred APFCB Congress 2016 surplus to the APFCB Bank account as shown in attached files. The money transferred is based on following calculation:

The net surplus is NTD7,851,000 and 23% to APFCB should be NTD1,805,730. For NTD to SGD exchange rate of transfer date is 22.31, the amount money to APFCB should be SGD80938.

As I stated in the previous mail, we paid a total of SDG22,500 for following items and sent all receipts to APFCB office during the meeting as requested by then President Leslie Lai. We also covered all the tax derived from these payments.

8000 Four Siemens-APFCB Young Scientist award finalist
1000 Siemens-APFCB Young Scientist award First prize
500 Siemens-APFCB Young Scientist award Second prize
10000 Ten APFCB travel awards
3000 travel aids to 3 national representatives

Deduction of this amount we should transfer SDG49672. Then we divided the money as part of meeting prepare expenses (no tax) and surplus share (20% tax)

A transfer of SDG10254 stated APFCB EB air fare was treated as meeting prepare expenses as below:

S$299.00 Mr Tony C Badrick for Indonesia Visa application (AUD 192.60) (Ref: OT10501604050100)
S$757.64 Leslie Charles Lai for APFCB Executive Board meeting, Jarkarta - (Ref: OT10501604050101)
S$718.30 Joseph Bercmans Lopez for APFCB Executive Board meeting, Jarkarta (Ref: OT10501604050103)
S$2,522.45 Dr Elizabeth Frank for APFCB Executive Board meeting, Jakarta (Ref: OT10501604050225)
S$859.00 Dr. Sunil Sethi for APFCB Executive Board meeting, Jarkarta - S$1,869.28 Kiyoshi Ichihara for APFCB Executive Board meeting, Jakarta (Ref: OL10501610120018)
S$883.71 Endang for expenses incurred for APFCB Executive Board meeting - (Ref: OT1050160160120018)
S$883.71 Endang for expenses incurred for APFCB Executive Board meeting - (Ref: OT1050160160120018)
S$2,344.57 Reimbursement to Graham Jon es for Air fare to Hong Kong for Meeting 2016 - (Ref: OT10501604050099)

A transfer of SDG38548 was 80% of the surplus share of SDG48184.
A tax of NTD215000 (about SDG9637) was 20% of the surplus share of SDG48184.

In summary, although we paid tax of SDG9637, the net amount of money shared by APFCB is SDG71301 (including we transferred and paid in advance). This amount should meet the...
standard of previous APFCB Congress.

We also covered all the Chairs of Standing Committees' airfare and their full stay lodging. It was not stated in the APFCB-CACB agreement but was proposed and passed in this APFCB Council Meeting and supposed to be executed in the future Congress. However, we recognized the contributions of all the Chairs of Standing Committees to the APFCB Congress, we therefore decided to cover their expenses in this Congress.

We are pushing our external auditor to finalize the auditing process quickly and should be complete in the end of this month. We will have a Congress Organizing Committee dissolution meeting in early December. The final report will be sent to the EB soon after the meeting.

Thank you for your support to the Congress.

With best wishes,
Sincerely Yours,

Woei-horng Fang, Ph.D.
President, CACB
Organizing Committee Chair, APFCB Congress 2016

Dear Woei-horng,

Thank you for the accounting of the anticipated profits from the Taipei meeting. I do acknowledge how much you have personally put into the running of the conference.

Thank you very much for your assistance and efforts in suggesting ways of tax avoidance, so that we can receive as much funds as possible for the federation.

I fully agree and support that we expense off the EB and Chair meeting we had in Jakarta in February 2016, as a preparation planning meeting for the Taipei conference.

Leila, Endang, Helen,

Please work with BakerTilly and provide the receipts for the expenses for travel listed below and for Graham's TL expenses.
Endang - can we also let woei-horng have the minutes of our meeting in Jakarta.

Thanks
Sunil
Dear EB members,

Please note that the number of Total surplus stated in the Independent Auditor’s Report of NTD7,188,159 is different from the number of NTD7,851,000 in the attached mail for money transfer. The differences are due to money exchange rate fluctuation between NTD and USD. During meeting preparation period of early 2016 the exchange rate was near 1 USD to 33 NTD, however at the time for external auditing period the exchange rate was about 1USD to 30 NTD.

Since most of the sponsorship and registration incomes were in UD dollar and we kept a large portion of money in our USD bank account, therefore a significant exchange rate loss in the end of 2017. The Organizing Committee decided to use an average exchange rate in the meeting preparation period for USD income and surplus calculation. In this way, IFCC and APFCB would receive more money and CACB will take the consequence of money exchange rate loss in the USD bank account. Hopefully, when we are going to use this USD in the future, it will up to its value again.

Thank you very much for your support to our APFCB Congress 2016 in Taipei.

With best wishes,

Woei-horng Fang, Taipei, December 4, 2017
Chairman, Organizing Committee of APFCB Congress 2016
President, Chinese Association for Clinical Biochemistry (Taiwan)
