Dear APFCB Member Society Representative,

On behalf of the Asia-Pacific Federation for Clinical Biochemistry and Laboratory Medicine (APFCB) C-CP, we warmly invite eligible ISO 15189 assessors in your country to participate in an important survey titled:

"Assessing the Assessors: A Cross-Sectional Survey of ISO 15189 Implementation Challenges and Improvement Strategies in Asia-Pacific Clinical Laboratories."

The survey aims to understand the experiences, challenges, and perspectives of ISO 15189 assessors across the Asia-Pacific region. The findings will help identify common issues and guide future educational initiatives and quality improvement activities within APFCB. It will be helpful to prepare need based programs.

Participation is voluntary, responses are anonymous, and the survey takes approximately 3-5 minutes to complete.

We would be grateful if you could kindly circulate the survey link among eligible assessors within your society and encourage their participation.

For any related additional information or clarification, contact: **Dr. Vivek Pant, Email: [drv pant@gmail.com](mailto:drv pant@gmail.com)**

Deadline: 10<sup>th</sup> August, 2026
