Asia Pacific Federation for Clinical Biochemistry and Laboratory Medicine (APFCB)

From: Scientific Committee

Date: 12/11/2026

Sub: Invitation to Participate in the APFCB Regional Survey on Internal Quality Control Practices

Dear Presidents and Representatives of APFCB Member Societies,

The APFCB Scientific Committee invites your society and its member clinical laboratories to participate in the regional survey entitled:

"APFCB Regional Survey on Knowledge, Attitudes and Practices Regarding the Selection and Use of Internal Quality Control Materials in Clinical Laboratories."

The survey aims to understand current regional practices, preferences, and challenges associated with the use of third-party and manufacturer-provided IQC materials, including issues related to cost, availability, performance, and implementation.

We kindly request your support in disseminating the survey link among clinical laboratories and relevant professionals in your country to ensure broad regional representation.

Survey link: https://forms.gle/p1nxQ2gzVPX46heHA

Participation is voluntary. Responses will be analyzed in aggregate, and findings may be reported or published in scientific or professional publications. By proceeding with and submitting this survey, you confirm that you have read this information and consent to the use of your responses for aggregate analysis and publication. Thank you for contributing your time and experience

With best regards,

On behalf of the APFCB Scientific Committee

For any queries or further information regarding the survey, please contact Dr. Vivek Pant at drvpant@gmail.com.
