

WEBINAR on Drugs
of Abuse Screening

Free Registration 

Drugs of Abuse Automated Screening vs Manual Testing: What are the Benefits?

Live Webinar | July 7th, 2021 | SGT 4:00 – 5:00 PM (UTC + 08:00)

Speaker

Dr. Raja Elina Raja Aziddin

President, Malaysian Association of Clinical Biochemists (MACB)

To Automate or not to Automate? Are you struggling with this question when it comes to implementing Drug Screening Test in your lab?

In this webinar, learn all about the trends of the Drugs of Abuse as a global problem and the essential factors to consider when starting Drugs of Abuse Testing. You will also learn about the differences in performance between automated drug screening test and manual testing, while understanding more about the benefits of automating your drugs of abuse testing.

There will be an interactive Live Q&A session at the end of the lecture with our speaker.

This webinar is organized under the auspices of Asia-Pacific Federation for Clinical Biochemistry and Laboratory Medicine (APFCB).

ASIA-PACIFIC FEDERATION FOR CLINICAL BIOCHEMISTRY
AND LABORATORY MEDICINE
